\* Past President

June 23, 2023

Dear Colleague:

The New Jersey Association for Justice is pleased to count Strategic Capital Corporation among our Business Partners for Justice at the Copper Level.

This program is designed to provide vendors, to the legal community, the opportunity to demonstrate their commitment to our Association, and to encourage NJAJ members to seek business relationships with these partner-companies who share and support our fight to preserve the civil justice system.

Strategic Capital Corporation purchases structured settlement payments. Unlike other firms in the industry, they are known for treating, with care and fairness, those with severe financial challenges arising after their case has settled.

Although we prefer that clients not sell their structured settlement payments, should a structure need to be sold due to financial necessity, we suggest that you include Strategic Capital Corporation among the firms which you evaluate.

Sincerely,

Patricia M. Giordano, Esq.  
President
